WELCOME TO OLYMPIA FOR SEASON SEVEN

6 FEET has never felt farther away! Olympia is MOST grateful for our families and the gift of time over the past few months. We look forward to our new season and embracing the new normal. We will continue to offer a fun and exciting environment for athletes to train and progress in the sport of Allstar cheerleading and tumbling. At Olympia we are committed to help our athletes to develop responsibility, confidence, teamwork and goal setting.

This year we will focus on our gym families, local city and our global community.

Olympia is my daughter's second home! I can't say enough about how amazing the coaches and owners are – they treat us like family and are so welcoming! It's such a positive environment – the coaches are such great roll models to the girls. I 100% recommend Olympia, they have helped my daughter gain confidence and lots of new friendships which I'm sure will last a lifetime. We love our Purple Family!

~ Terran McAllister

PROGRAMS

COMPETITIVE TEAMS

Our competitive teams will be training for the full 2020/21 season. Over the summer we will be blocking routines, creating all our stunts, jumps and choreography.

ALL-STAR PREP

All-Star Prep Teams are Level 1 through Level 2 teams that run for the 2020/2021 season (not including summer). They are competitive teams, with less schedule commitments and travel. All-Star "Prep" is a great option for beginners, as well as those families who do not want to commit to training in the summer and want to compete at a competition locally. Prep teams will compete at Tidal Blast, provincials and perform at two local showcases.

TRAVEL TEAMS

Travel teams will attend Cheer Evolution Nationals in Niagara Falls or Worlds/Summit in Florida. Exact team levels and composition will be solidified after placements. Travel teams require a higher level of commitment, please keep this in mind when trying out for this program.

ALL ABILITIES

Our Pillars teams is an exceptional team comprised of athletes with special abilities. The program is developed around individual needs.

2020-2021 SCHEDULE & COMPETITIONS

Due to the ever changing landscape of our "new normal" we will be updating our practice and competition schedules as we work through this season. We will forward new information as it becomes available.
